Tax Season IS HERE!

The Arizona Tax Credit Giving Guide and **AZTaxCreditGuide.com** are published by Frontdoors Media, a local company dedicated to local philanthropy. Arizona is a special place as it's one of the best in the country when it comes to tax credits for charitable giving.

The Arizona Charitable Tax Credit program is a unique opportunity for taxpayers. You have the power to decide where the state tax dollars you owe go — and, for most people, it doesn't cost a thing.

So what's the catch? There isn't one, just a tax credit limit for each of the four categories listed here. A married couple filing jointly can get credit for up to \$800 donated to a Qualified Charitable Organization (QCO). And QCO is just one of four credits available to benefit qualified Arizona nonprofits and schools! Each credit is separate — so you can claim the maximum amount in all four categories. And, since there are so many organizations that qualify as a QCO, we've organized them into types this year so you can find an area that speaks to your heart.

Read on for details about how this program works as well as a directory of nonprofits, foster care organizations, schools and school tuition organizations that have partnered with us for the 2022-2023 tax season. They are all vetted and qualify per the Arizona Department of Revenue (azdor.gov/tax-credits).

We invite you to choose the organizations you want to support and take this special issue to your next appointment with your tax adviser. The worksheet on the last page is a great tool as well and includes a checklist of the Arizona tax forms needed to claim your credits. Our hope is to see tax credit giving increase across all four categories. We believe that Arizona nonprofits and schools need a hand up now more than ever and invite you to join us in that effort.

With thanks,

Andrea & Karen

Tax Credit Contributions

CONTINUE TO IMPACT ARIZONA NONPROFITS, RESIDENTS

By Tom Evans

Tax credit contributions continue to be the fuel that powers many Arizona nonprofits — donations that provide revenue to nonprofits while giving donors a break on state income taxes.

The State of Arizona allows taxpayers to receive a dollar-for-dollar credit on their state income taxes when they donate to qualified organizations in these categories:

ARIZONA QUALIFYING CHARITABLE ORGANIZATIONS, which provide basic needs to qualifying low-income families and individuals, the chronically ill and disabled. Limits are \$400 for individuals and \$800 for married couples.

QUALIFYING FOSTER CARE ORGANIZATIONS, with limits of \$500 for individuals and \$1,000 for married couples.

PUBLIC SCHOOL TAX CREDIT ORGANIZATIONS, with limits of \$200 and \$400.

PRIVATE SCHOOL TUITION ORGANIZATIONS FOR INDIVIDUALS: With limits of \$1,243 for individuals and \$2,483 for married couples. These limits are the combined maximum contributions under the original law passed in 1997 and the expansion of the law passed in 2012.

PRIVATE SCHOOL TUITION ORGANIZATIONS FOR CORPORATIONS:

C-Corporations, S-Corporations, LLCs and Insurance companies can qualify for two types of credits. The Low-Income Tax Credit supports low-income students in private schools, and the Disabled/Displaced Tax Credit supports disabled students and students in (or who have been in) foster care. Because there are statewide caps for both credits (\$135 million and \$6 million, respectively), applications for approval are made by the Private School Tuition Organization to the Arizona Department of Revenue on behalf of the donor. The corporate tax credits can be beneficial for many people who own their own companies.

CERTIFIED SCHOOL TUITION ORGANIZATIONS (also known as the “Switcher” Individual Tax Credit);

These organizations may receive your contribution if you’ve already maxed out the Private School Tuition Organization credit first — for which limits increased to \$608 individually and \$1,214 for married couples. Contributions can be made directly or by the shareholder when paid by an S-Corporation.

“These contributions have become increasingly popular for residents and beneficial for nonprofits.”

the combined tax credits cannot exceed any given taxpayer’s Arizona tax liability for the current year,” Blunt said. “It is important to know that contributions paid within the credit thresholds this year, but your Arizona tax liability can carry forward for five years, so are not lost. They can benefit future years. Contributions paid over the thresholds are not eligible for the credit, but can be taken as a charitable contribution deduction, so it is still a tax benefit.”

It is worth noting that recent changes in the tax law allow limited deductions for charitable contributions at the federal and Arizona levels, even when a taxpayer takes the standard deduction. “So there are lots of ways to use these programs to help vulnerable Arizona families and still help yourself come tax time,” Blunt said.

Brenda Blunt, a partner with Eide Bailly LLP, said one change this year is a new program from the Arizona Department of Education called the Empowerment Scholarship Account program, or “ESA” funding.

“Families can apply for funding under this program to pay for private school tuition and other education expenses up to certain limits,” she said. “We have received calls from clients expressing confusion about the new program. It is important to know that the program does not allow families to receive both ESA funds and STO funds, but families receiving ESA funds can still contribute to STOs and qualify for the credit.”

It’s true — you can give to a qualified charity or tuition organization instead of giving it to the state government for taxes. And over time, these contributions have become increasingly popular for residents and beneficial for nonprofits.

“Some people hesitate to donate to these programs because they are not sure what their Arizona tax liability will be for 2022 and because

Gerald Wissink, president & CEO of BHHS Legacy Foundation, said tax credit contributions have a tremendous impact on specific programs, including ones his foundation supports.

“Tax credit contributions help us support Legacy Connection’s Backpack Buddies program,” he said. “This program provides back-to-school supplies and clothing that Title I children need when they go to school, enhancing their confidence and ability to focus on education. One in four students in this state lives in poverty. Thanks to tax credit donations, we can make a powerful difference in their lives.”

Nancy Padberg, president & CEO of Catholic Education Arizona, said that STO contributions have a huge effect on thousands of Arizona children.

“Choosing the education model that best meets

a child’s needs should not depend on one’s ability to pay tuition,” she said. “The State of Arizona allows taxpayers to support private education through their individual tax credits, allowing them to change lives, serve society and transform culture.”

Wissink said these contributions are an important way for Arizonans to support their favorite charitable causes, whether during difficult times or smooth sailing.

“This is a chance for our community to invest in Arizona’s future,” Wissink said. “Thanks to the Arizona Charitable Tax Credit, you can decrease your Arizona tax bill — or increase your refund — by \$400 or \$800. That means your gift ends up costing you nothing. It is a simple but powerful way to reach out and impact our community.”

For a complete list of qualifying charitable organizations and qualifying foster care organizations, see azdor.gov/tax-credits/contributions-qcos-and-qfcos. Organizations are added on an ongoing basis, so it may be worth your time to check back before year-end and again before April 15, 2023 — the last day 2022 tax credit contributions can be made.

WHAT IS AN UMBRELLA ORGANIZATION?

Some charities under the Arizona Qualified Charity Tax Credit have a slightly different designation as “umbrella organizations.” They are eligible for contributions of \$400 per person and \$800 per couple as well, but are listed differently on the State of Arizona’s website.

For example, Executive Council Charities, Valley of the Sun United Way and other United Way organizations across the state are considered “umbrella organizations” because they may receive tax credit contributions and distribute them to other nonprofit partners in the community.

EXECUTIVE COUNCIL CHARITIES

Our mission is to support charity organizations focused on helping youth in our community overcome adversity and reach their full potential as productive, caring and responsible citizens.

Support Arizona Youth (SAY) is the annual campaign for Executive Council Charities (ECC), an umbrella organization for the Arizona Charitable Tax Credit. Through SAY, donors can take advantage of the tax credit for both qualified and foster care charities and choose “Highest Need,” to have the most significant impact among our 60 featured charities, or indicate a preference for any specific qualified charity. Not only are 100 percent of the funds forwarded to benefit vital programs at these charities, but ECC also covers all credit card processing fees.

People with disabilities want to work and feel the satisfaction of earning a paycheck for that work. Tax credit contributions support a variety of programs at Beacon Group, including vocational training programs that prepare people with disabilities for employment as well the job development, placement and retention programs that actually find and place individuals into employment. These contributions directly support Beacon Group in finding jobs for people with disabilities.

CARE 4 THE CAREGIVERS

Our mission is to support caregivers raising a child with a disability to create a brighter future.

In order for children with disabilities to thrive, their primary caregiver must be seen and supported. We remove isolation by providing access to the community. We help overcome stress by providing therapy, support groups, life coaching, fitness routines and guided meditations. We empower them by giving them tools to help navigate different systems of care and strategies to help make parenting a child with a disability easier. Then we teach other organizations in the disability community how they can strengthen their families.

We are transforming the myopic way disability has been treated into a multifaceted approach.

At All Saints', we believe a child's socioeconomic status should not be the determining factor in their access to top-quality education. We are deeply committed to providing access to our exceptional education to families across the socioeconomic spectrum. All Saints' partners with the Arizona Episcopal Schools Foundation (AESF) to continue our legacy of inclusivity and provide opportunities for all students. Tax credits directly support our Indexed Tuition Program, which provides tuition assistance to more than 25 percent of our students.
