**RESET FROM ABUSE**

# Annual Impact Report 2025

## A MESSAGE FROM OUR FOUNDER

When I founded Control Alt Delete on 9/2/2019 I knew there was a need, I did not realize how great that need would be. With community support we have fulfilled 100% of the escape requests that fall within our mission.

## A YEAR WITH UNIQUE CHALLENGES

In 2025 Control Alt Delete supported requests for assistance from over 220 different referring agencies.

All 12 months of 2025 saw escapes over 1,400 each month with 6 months having over 2,000 escapes ending with December having 2,538 total escapes.

## IMPACT SNAPSHOT

Escapes from domestic violence

22,958

Those escapes included this many children

43,480

Pets that escaped

9,090

# We couldn't have done it without your generous *support.*

## Thank you to all our donors and volunteers.

Together we are creating a Society of Survivors while bridging the gap in services. By providing one time assistance we remove the barriers that keep Survivors in domestic violence situations; allowing those Survivors the ability to reach their safety.

This would not be possible without your life saving support.
